Consolidators charge a commission rate for certain products and services and will pass through net fees or rebates incurred to execute CFOO orders on exchanges. The passed through rebates credits or billing adjustments from Consolidators reduce our overall costs of execution services and from time to time may exceed the cost of such execution services. When accessing the exchanges via Consolidator relationships CFCO may receive an indirect benefit by receiving preferential exchange rates belonging to the Consolidator and these rates are between the Consolidator and these rates including placement in preferential rate tiers on an exchange fee schedule. For clarity CFCO is not party to the payment predicted in our Net Payments for this report. More detail about exchange fees rebates and volume tiers may be available on the 606 quarterly report published by the Consolidator.
